About Philadelphia VIP

Mission Statement: Philadelphia VIP leverages the powerful resources of the community to provide quality volunteer legal services and ensure access to justice for low-income Philadelphians.

Philadelphia VIP is the hub of pro bono legal services in Philadelphia. For the past forty years, we have provided legal services for low-income residents and families facing civil legal problems that threaten their basic human needs – shelter, employment, financial stability, education, and health.

VIP, through its volunteers and staff, serves more than 3,500 individuals and families yearly who could not afford attorneys and whose cases could or would not be handled by other public interest organizations. We are the agency of last resort for the majority of our clients.

Our clients are among the poorest in the City and region and their numbers are growing. To be eligible for our services, a client's income must be at or below 200% of the federal poverty guidelines. Thus, our *most financially secure* clients earn approximately \$27,180, while a family of 4 lives on \$55,500.

VIP serves a multi-lingual population, principally Spanish speaking, but increasingly we see clients who speak Russian, Creole (Haitians), Chinese, Vietnamese, and Cambodian, a reflection of growing and changing immigration patterns in the Greater Philadelphia area.

VIP handles any civil matter that is non-fee generating and for which there is no right to counsel. Our caseload has four priority areas:

- Maintaining family income (child support, employment/wage claims, tax issues, disability, estate planning);
- Preventing homelessness (mortgage foreclosure, landlord-tenant eviction, probate, tangled title, consumer debt, litigation defense);
- Supporting family stability (child custody, adoption/guardianship, special education and school discipline, name change); and
- Promoting community development.

The majority of VIP's cases are referred to us from our sister organizations, Community Legal Services and Philadelphia Legal Assistance; an additional number come from specialized legal services organizations throughout Philadelphia.

In stark terms, VIP is the agency of last resort for many low-income individuals and families who face critical legal problems that affect their basic needs.

Frequently Asked Volunteer Questions

Q: What happens after I accept a VIP Case?

A: After accepting a VIP case you will be sent a VIP referral form, all information included in the VIP file about the case, and the VIP representation agreement. At the same time, your client will receive a letter with your name, address and phone number, and the request that they contact you within 24 hours. At the first meeting you and the client should sign the VIP representation agreement. *The scope of representation should be filled in carefully, so that you and the client are clear about any limitations on your services.* (Contact VIP's Managing Attorney if you have any questions about the extent of your representation.) Keep the original in your file, give a copy to your client and send a copy to VIP. VIP can offer assistance through DocuSign to execute your representation agreement.

Q: What if my client does not contact me?

A: Your client may fail to follow through for several reasons. Your client may not be able to read or understand the letter, may not have received the letter, or may have other more pressing problems. If your client does not call you within a couple of days from when you receive the case-file, try to call the client. Let VIP know if you are still unable to reach the client. Under most circumstances, VIP will close the case, and another client can be referred to you.

Q: What if my client doesn't have a telephone?

A: Contacting a client who doesn't have a telephone can be a challenge. We recommend that you send your client a letter asking the client to call you a specific time on a specific date. If your client calls later when you are on another line or away from your desk, ask your assistant to suggest a time for your client to call back. After your client reaches you, ask them for the telephone number of a neighbor, relative, and/or employer where you can leave a message if necessary. Another way that you can keep in touch with a client who doesn't have a telephone is to schedule weekly telephone "appointments." (For example, the client could call you every Friday at 1:00 PM). By keeping "appointments" you will have the opportunity to communicate information to the client.

Q: What if my client does not keep our appointments?

A: Terminating representation of the client due to his/her failure to cooperate is left up to the discretion of the volunteer. Some clients are simply uncooperative, while other clients have personal problems or mental impairments that interfere with their ability to keep appointments. Address this problem with your client and make it clear that without their cooperation you'll be unable to help them. If, after the discussion, the situation continues, you should contact VIP's Managing Attorney and discuss closing the case.

Q: What if my client does not speak English?

A: If you are not fluent in the primary language of your client, VIP can arrange a volunteer to translate. Our pool of volunteers is limited, however, so we request that you first draw on your firm's resources. If your firm is unable to arrange an interpreter, please contact VIP and we will assist you. If the client speaks Spanish, VIP has Spanish-speaking staff members who can already translate many forms into Spanish. It is a good idea to ask your client for the telephone number of a friend, neighbor, or relative of the client who you can communicate with. If you plan to relay confidential information through the client's interpreter, you should discuss this with your client.

Additional steps must be taken with the Court if your client does not speak English. If a hearing is scheduled, you should contact the Court to inform the Court that your client will need an interpreter. In addition to the Court's interpreter who interprets the proceedings, you may want to have an interpreter with you at the counsel's table, so that you can communicate confidentially with your client during the proceedings.

Q: What if I am fluent in a foreign language and would like to volunteer to interpret for other volunteers?

A: VIP is always in need of volunteers with proficiency in a foreign language. We generally need interpreters who speaks Spanish, Russian, French, or Vietnamese. Whatever foreign languages you speak, please contact VIP because we may have a client who needs your help.

Q: What if there are costs associated with my representation?

A: VIP will cover certain costs only if approval is obtained from VIP before the cost is incurred. The cost encountered most often are:

- Photocopying medical records – You should first write the doctor and/or hospital and request that the fee be waived. If the doctor refuses, you should ask the client if he/she has the money to pay for the expense. If they do not, VIP may pay to obtain the records if VIP approves the cost before it is incurred.
- Filing fees – The client should qualify for *In Forma Pauperis* (IFP) status. An IFP petition must be filed with the Court. If the client's IFP petition is denied, the client must pay the filing fee unless VIP determines that the denial was unjustified. VIP has templates of IFP petitions and can explain to you the procedure for filing an IFP.

VIP determines whether or not to cover litigation expenses on a case-by-case basis. If you would like VIP to cover a cost that is not listed above, please contact VIP's Managing Attorney or Executive Director before incurring any expense.

Q: What if I determined that my case lacks merit?

A: You should not represent a client if you believe the case is not meritorious. Even if you do not represent your client, you provide a valuable service by explaining the situation to your client, advising your client of available options, and suggesting ways to avoid the problem in the future. If you are not sure of the merits of the case, call VIP and discuss the matter with the Managing Attorney or the Executive Director.

Q: What do I do if my case is finished?

A: You should write a letter or email to VIP stating the outcome of the case, estimating the number of hours you spent on the case, and indicating whether you are available to take another case. To that letter or email, attach a copy of the closing letter you sent to your client as well as a copy of your representation agreement if you have not already provided a copy to VIP.

Thank You for Volunteering!

Overview

What is Estate Planning?

- Estate planning is an arrangement for the use, conservation and transfer of property during lifetime and on death, often through the creation of documents to change what would happen under state law if the documents did not exist. These documents include a will, power of attorney, and advance healthcare directives.
- Estate Planning can involve an attorney, an accountant, an insurance agent, a trust officer, and/or a financial planner.

The Importance of Planning Now

- Prepares for significant, life-altering events and prevents future from being left up to chance, and should be reviewed and updated after any major life-events.
- Provides for lifetime needs such as children's education, retirement income, replacement of income in the event of disability, and management of property in the event of incapacity.
- Provides for the disposition of assets on death in such a way that property is maximized and left in accordance with owner's wishes and the needs of owner's family. Without estate planning, property will pass in accordance with the laws of intestacy, which may or may not be consistent with intent of the owner.
- Designates a guardian for minor children in the event of death.
- Designates a person to take over affairs in the event of incapacity.

- Prevents problems with ownership of assets, especially homes. When homes are not transferred in an orderly way after the death of the legal owner, it creates title issues that become harder to resolve as time goes by.

Practical Tips

- VIP has a notary on staff. Please call the office to schedule an appointment for you and your client when you are ready to execute the documents. If your client cannot travel, we can also help arrange for a volunteer travel notary.
- A notary will require the person executing the documents to present an unexpired government issued ID. If your client does not have a valid ID, please call your contact at VIP immediately.
- Counsel clients on what to do with the documents after they have been executed. Powers of attorney and advance directives should be copied and given to agents and medical providers. Wills should be kept in a safe place (but not a safety deposit box), perhaps giving copies to executors and/or beneficiaries or at least informing them of where to find the will. A sample closing letter with such information is included in this manual.
- If you need sample language for a specific situation, please reach out to VIP. Our templates are drafted for the most common situations that occur for our clients, but we have additional template language and/or can help you get the language you need for your client's situation.
- Please let VIP know if you lose contact with your client. Included in this manual is a letter you can send to the client asking them to please contact you as soon as possible, with or without a deadline. Also included is a follow-up closing letter if the client does not contact you after receiving the first letter.

Power of Attorney (POA)

Terminology

- **Agent:** person designated to manage the principal's affairs by a power of attorney. The agent is a fiduciary and must always act in the principal's best interest.
- **Principal:** person who signs the POA naming someone as his or her agent and who is, in our cases, the client.
- **Financial Powers of Attorney (FPOA):** documents that allows for a named agent to manage a principal's financial affairs, often beneficial for when the principal can no longer do so independently.
- **General FPOAs:** allow the agent to manage all aspects of a person's finances, including the ability to sell the person's home, access bank accounts, manage income, and pay bills.
- **Limited FPOAs:** tailored to grant specific powers to the agent, such as the ability to access a bank account or the limited power to sell real property.
- **Durable FPOAs:** are the legal presumption. The effect of the document continues beyond the person's physical or mental incapacity.
- **Springing FPOAs:** go into effect upon a stated event. It is usually the principal's mental and/or physical disability as determined by a physician.

The Fundamentals

- The agent is a fiduciary and must use the principal's money for the principal's benefit. Agents need to be careful not to co-mingle funds and keep detailed records and an accounting of all transactions.
- Joint or Co- Agents must act jointly and cannot act independently. Therefore, it is usually better to name an agent and an alternate or successor agent rather than co-agents.
- The principal **must** sign the statutory notice on the first page.
- The acknowledgment(s) must be signed by the agent(s). The acknowledgment does not have to be signed when the principal executes the document and does not have to be notarized. It simply needs to be signed before the agent uses the document. It is better for the acknowledgment to be signed in front of the principal to prevent fraud.
- Financial Powers of Attorney take effect immediately upon execution of the principal *and* signature of the agent.
- Springing Financial Powers of Attorney (SFPOA) are not recognized in most states, and doctors are often hesitant to declare the principal incapacitated. For these reasons, SFPOA's are not recommended for VIP clients.

NOTICE

THE PURPOSE OF THIS POWER OF ATTORNEY IS TO GIVE THE PERSON YOU DESIGNATE (YOUR "AGENT") BROAD POWERS TO HANDLE YOUR PROPERTY, WHICH MAY INCLUDE POWERS TO SELL OR OTHERWISE DISPOSE OF ANY REAL OR PERSONAL PROPERTY WITHOUT ADVANCE NOTICE TO YOU OR APPROVAL BY YOU.

THIS POWER OF ATTORNEY DOES NOT IMPOSE A DUTY ON YOUR AGENT TO EXERCISE GRANTED POWERS, BUT, WHEN POWERS ARE EXERCISED, YOUR AGENT MUST USE DUE CARE TO ACT FOR YOUR BENEFIT AND IN ACCORDANCE WITH THIS POWER OF ATTORNEY.

YOUR AGENT MAY EXERCISE THE POWERS GIVEN HERE THROUGHOUT YOUR LIFETIME, EVEN AFTER YOU BECOME INCAPACITATED, UNLESS YOU EXPRESSLY LIMIT THE DURATION OF THESE POWERS OR YOU REVOKE THESE POWERS OR A COURT ACTING ON YOUR BEHALF TERMINATES YOUR AGENT'S AUTHORITY.

YOUR AGENT MUST ACT IN ACCORDANCE WITH YOUR REASONABLE EXPECTATIONS TO THE EXTENT ACTUALLY KNOWN BY YOUR AGENT AND, OTHERWISE, IN YOUR BEST INTEREST, ACT IN GOOD FAITH AND ACT ONLY WITHIN THE SCOPE OF AUTHORITY GRANTED BY YOU IN THE POWER OF ATTORNEY.

THE LAW PERMITS YOU, IF YOU CHOOSE, TO GRANT BROAD AUTHORITY TO AN AGENT UNDER POWER OF ATTORNEY, INCLUDING THE ABILITY TO GIVE AWAY ALL OF YOUR PROPERTY WHILE YOU ARE ALIVE OR TO SUBSTANTIALLY CHANGE HOW YOUR PROPERTY IS DISTRIBUTED AT YOUR DEATH. BEFORE SIGNING THIS DOCUMENT, YOU SHOULD SEEK THE ADVICE OF AN ATTORNEY AT LAW TO MAKE SURE YOU UNDERSTAND IT.

A COURT CAN TAKE AWAY THE POWERS OF YOUR AGENT IF IT FINDS YOUR AGENT IS NOT ACTING PROPERLY.

THE POWERS AND DUTIES OF AN AGENT UNDER A POWER OF ATTORNEY ARE EXPLAINED MORE FULLY IN 20 PA.C.S. CH. 56.

IF THERE IS ANYTHING ABOUT THIS FORM THAT YOU DO NOT UNDERSTAND, YOU SHOULD ASK A LAWYER OF YOUR OWN CHOOSING TO EXPLAIN IT TO YOU.

I HAVE READ OR HAD EXPLAINED TO ME THIS NOTICE AND I UNDERSTAND ITS CONTENTS.

Advance Healthcare Directives

Terminology

- **Advance Healthcare Directive:** the umbrella term for healthcare directives, including both healthcare powers of attorney and living wills.
- **Healthcare Power of Attorney (HCPOA):** document that allows for a named agent to manage a principal's health-related affairs when he or she can no longer do so independently.
- **Living Will:** a statement of treatment preferences to be followed when a person has an end-stage/terminal medical condition or is permanently unconscious with no hope of recovery.
- **Agent:** under a HCPOA, the person who is designated to make healthcare decisions when the medical team cannot communicate directly with the principal. The agent is a fiduciary and must always act in the principal's best interest.
- **Principal:** person who signs the advance directive naming someone as his or her agent and who is, in our cases, the client.

The Fundamentals

- The agent makes healthcare decision when a person can no longer make decisions.
- The agent should be trustworthy and should be aware of the client's preferences, belief, and values.
- Decisions may include: treatment decisions, hiring and firing medical personnel, and/or admission to a nursing facility.
- Much of the content of these documents are specified by statute, 20 Pa. C. S. § 5421, et seq., and then the client can choose which selections to make based on the options provided by statute.
- VIP's template, which combines the Healthcare Power of Attorney and Living Will, can be separated if client wants one document, but not the other.

NOTE: VIP has a Spanish version of the Advance Directive Template that can be provided upon request.

Advance Healthcare Directive Template
(Combination of Healthcare Power of Attorney and Living Will)

**DURABLE HEALTHCARE POWER OF ATTORNEY
AND HEALTHCARE TREATMENT INSTRUCTIONS
(LIVING WILL) FOR CLIENT NAME**

**PART I
INTRODUCTORY REMARKS ON HEALTHCARE DECISION MAKING**

Note: this section can be deleted in the final document.

You have the right to decide the type of healthcare you want.

Should you become unable to understand, make or communicate decisions about medical care, your wishes for medical treatment are most likely to be followed if you express those wishes in advance by:

- (1) naming a healthcare agent to decide treatment for you; and
- (2) giving healthcare treatment instructions to your healthcare agent or healthcare provider.

An advance healthcare directive is a written set of instructions expressing your wishes for medical treatment. It may contain a healthcare power of attorney, where you name a person called a “healthcare agent” to decide treatment for you, and a living will, where you tell your healthcare agent and healthcare providers your choices regarding the initiation, continuation, withholding or withdrawal of life-sustaining treatment and other specific directions.

You may limit your healthcare agent’s involvement in deciding your medical treatment so that your healthcare agent will speak for you only when you are unable to speak for yourself or you may give your healthcare agent the power to speak for you immediately. This combined form gives your healthcare agent the power to speak for you only when you are unable to speak for yourself. A living will cannot be followed unless your attending physician determines that you lack the ability to understand, make or communicate healthcare decisions for yourself and you are either permanently unconscious or you have an end-stage medical condition, which is a condition that will result in death despite the introduction or continuation of medical treatment. You, and not your healthcare agent, remain responsible for the cost of your medical care.

If you do not write down your wishes about your healthcare in advance, and if later you become unable to understand, make or communicate these decisions, those wishes may not be honored because they may remain unknown to others.

A healthcare provider who refuses to honor your wishes about healthcare must tell you of its refusal and help to transfer you to a healthcare provider who will honor your wishes.

You should give a copy of your advance healthcare directive (a living will, healthcare power of attorney or a document containing both) to your healthcare agent, your physicians, family members and others whom you expect would likely attend to your needs if you become unable to understand, make or communicate decisions about medical care. If your healthcare wishes change, tell your physician and write a new advance healthcare directive to replace your old one.

It is important in selecting a healthcare agent that you choose a person you trust who is likely to be available in a medical situation where you cannot make decisions for yourself. You should inform that person that you have appointed him or her as your healthcare agent and discuss your beliefs and values with him or her so that your healthcare agent will understand your healthcare objectives, including whether you want to limit or withhold life-sustaining measures in the event that you become permanently unconscious or have an end-stage medical condition. You should also tell your healthcare agent whether you want to donate organs, tissue, eyes or other parts of the body and whether you want to make a donation of your hands, facial tissue or limbs. It is important to understand that if you decide to donate a hand, limb or facial tissue it may impact funeral arrangements and that an open casket may not be possible.

You may wish to consult with knowledgeable, trusted individuals such as family members, your physician or clergy when considering an expression of your values and healthcare wishes. You are free to create your own advance healthcare directive to convey your wishes regarding medical treatment. The following form is an example of an advance healthcare directive that combines a healthcare power of attorney with a living will.

If you are a woman and diagnosed as being pregnant at the time a healthcare decision would otherwise be made pursuant to this form, the laws of this Commonwealth prohibit implementation of that decision if it directs that life-sustaining treatment, including nutrition and hydration, be withheld or withdrawn from you, unless your attending physician and an obstetrician who have examined you certify in your medical record that the life-sustaining treatment:

- (1) will not maintain you in such a way as to permit the continuing development and live birth of the unborn child;
- (2) will be physically harmful to you; or
- (3) will cause pain to you that cannot be alleviated by medication.

A physician is not required to perform a pregnancy test on you unless the physician has reason to believe that you may be pregnant.

Pennsylvania law protects your healthcare agent and healthcare providers from any legal liability for following in good faith your wishes as expressed in the form or by your healthcare agent's direction. It does not otherwise change professional standards or excuse negligence in the way your wishes are carried out. If you have any questions about the law, consult an attorney for guidance.

NOTICE ABOUT ANATOMICAL DONATION

This document may also contain directions regarding whether you wish to donate an organ, tissue or eyes. Under Pennsylvania law, donating a part of the body for transplantation or research is a voluntary act. You do not have to donate an organ, tissue, eye or other part of the body. However, it is important that you make your wishes about anatomical donation known, just as it is important to make your choices about end-of-life care known.

Surgeons have made great strides in the field of organ donation and can now transplant hands, facial tissue and limbs. A hand, facial tissue and a limb are examples of what is known as a vascularized composite allograft. Under Pennsylvania law, explicit and specific consent to donate hands, facial tissue, limbs or other vascularized composite allografts must be given. You may use this document to make clear your wish to donate or not to donate hands, facial tissue or limbs.

Under Pennsylvania law, the organ donor designation on the driver's license authorizes the individual to donate what we traditionally think of as organs (heart, lung, liver, kidney) and tissue and does not authorize the individual to donate hands, facial tissue, limbs or other vascularized composite allografts.

Detailed information about anatomical donation, including the procedure used to recover organs, tissues and eyes, can be found on the Department of Transportation's website. Information about the donation of hands, facial tissue and limbs can also be found on the Department of Transportation's website.

You may wish to consult with your physician or your attorney to determine whether the procedure for making an anatomical donation is compatible with fulfilling your specific choices for end-of-life care. In addition, you may want to consult with clergy regarding whether you want to donate an organ, a hand, facial tissue or limb or other part of the body. It is important to understand that donating a hand, limb or facial tissue may have an impact on funeral arrangements and that an open casket may not be possible.

PART II
DURABLE HEALTHCARE POWER OF ATTORNEY

I, CLIENT NAME, of Philadelphia County, Pennsylvania, being of full age, sound mind and under no restraint appoint the person named below to be my healthcare agent to make health and personal care decisions for me, and hereby revoke all prior healthcare powers of attorney.

Effective immediately and continuously until my death or revocation by a writing signed by me or someone authorized to make healthcare treatment decisions for me, I authorize all healthcare providers or other covered entities to disclose to my healthcare agent, upon my agent's request, any information, oral or written, regarding my physical or mental health, including, but not limited to, medical and hospital records and what is otherwise private, privileged, protected or personal health information, such as health information as defined and described in the Health Insurance Portability and Accountability Act of 1996 (Public Law 104-191, 110 Stat. 1936), the regulations promulgated thereunder and any other State or local laws and rules. Information disclosed by a healthcare provider or other covered entity may be redisclosed and may no longer be subject to the privacy rules provided by 45 C.F.R. Pt. 164.

The remainder of this document will take effect when and only when I lack the ability to understand, make or communicate a choice regarding a health or personal care decision as verified by my attending physician. My healthcare agent may not delegate the authority to make decisions.

GENERAL GUIDANCE FOR HEALTHCARE AGENT

If I have an end-stage medical condition or other extreme irreversible medical condition, my goals in making medical decisions are as follows: _____

Note: client should list their personal priorities for care such as comfort, care, preservation of mental function, etc.

SEVERE BRAIN DAMAGE OR BRAIN DISEASE

If I should suffer from severe and irreversible brain damage or brain disease with no realistic hope of significant recovery, I would consider such a condition intolerable and the application of aggressive medical care to be burdensome. I therefore request that my healthcare agent respond to any intervening (other and separate) life-threatening conditions in the same manner as directed for an end-stage medical condition or state of permanent unconsciousness as I have indicated below.

Int. _____ I AGREE

Int. _____ I DISAGREE

PART III
HEALTHCARE TREATMENT INSTRUCTIONS IN THE EVENT OF END-STAGE
MEDICAL CONDITION OR PERMANENT UNCONSCIOUSNESS
(LIVING WILL)

The following healthcare treatment instructions exercise my right to make my own healthcare decisions. These instructions are intended to provide clear and convincing evidence of my wishes to be followed when I lack the capacity to understand, make or communicate my treatment decisions:

IF I HAVE AN END-STAGE MEDICAL CONDITION (WHICH WILL RESULT IN MY DEATH, DESPITE THE INTRODUCTION OR CONTINUATION OF MEDICAL TREATMENT) OR AM PERMANENTLY UNCONSCIOUS SUCH AS AN IRREVERSIBLE COMA OR AN IRREVERSIBLE VEGETATIVE STATE AND THERE IS NO REALISTIC HOPE OF SIGNIFICANT RECOVERY, ALL OF THE FOLLOWING APPLY:

Note: cross out and have client initial, or delete all together, any treatment instructions with which the client does not agree

1. I direct that I be given healthcare treatment to relieve pain or provide comfort even if such treatment might shorten my life, suppress my appetite or my breathing, or be habit forming.

2. I direct that all life prolonging procedures be withheld or withdrawn.

3. I specifically do not want any of the following as life prolonging procedures:

heart-lung resuscitation (CPR)
mechanical ventilator (breathing machine)
dialysis (kidney machine)
surgery
chemotherapy
radiation treatment
antibiotics
other: _____

4. If I have authorized donation of an organ (such as a heart, liver or lung) or a vascularized composite allograft in the next section of this document, I authorize the use of artificial support, including a ventilator, for a limited period of time after I am declared dead to facilitate the donation.

5. I specifically do not want to be on artificial support after I am declared dead, even for the purpose of organ donation.

TUBE FEEDINGS

Note: Client should indicate whether they want nutrition or hydration medically supplied by a tube into their nose, stomach, intestine, arteries, or veins if they have an end-stage medical condition or are permanently unconscious and there is no realistic hope of significant recovery

Note: Client should initial only one statement

_____ I want tube feedings to be given.

_____ I do NOT want tube feedings to be given.

ORGAN DONATION

Note: Client should initial only one statement

_____ I consent to making an anatomical gift. This gift does not include hands, facial tissue, limbs or other vascularized composite allografts. I understand that if I want to donate a hand, facial tissue, limb or other vascularized composite allograft, there is another place in this document for me to do so. I also understand the hospital may provide artificial support, which may include a ventilator, after I am declared dead in order to facilitate donation. I consent to making a gift of the following parts of my body for transplantation or research. (Insert any limitations you desire on donation of specific organs or tissues or uses for donation of organs and tissues.)

_____ I consent to making a gift of my hands, facial tissue, limbs or other vascularized composite allografts. I also understand that I have the option of requesting reconstruction of my body in preparation for burial and that anonymity of identity may not be able to be protected in the case of donation of hands, facial tissue or limbs. I also understand that burial arrangements may be affected and that an open casket may not be possible. I also understand that the hospital may provide artificial support, which may include a ventilator, after I am declared dead in order to facilitate donation.

_____ I do not consent to donating my organs, tissues or any other part of my body, including hands, facial tissue, limbs or other vascularized composite allografts. This provision serves as a refusal to donate any part of my body. This provision also serves as a revocation of any prior decision I have made to donate organs, tissues or other parts of my body, including hands, facial tissue, limbs or other vascularized composite allograft made in a prior document, including a driver's license, will, power of attorney, health care power of attorney or other document.

Note: it should be noted here if client would like to impose any limitations on the donation of specific organs or tissues, or would like to request reconstructive surgery before burial

HEALTHCARE AGENT'S USE OF INSTRUCTIONS

Note: Client should initial only one statement

_____ My healthcare agent MUST follow these instructions

_____ These instructions are only guidance. My healthcare agent shall have final say and may override any of my instructions except in the following circumstances: _____

If I did not appoint a healthcare agent, these instructions shall be followed as indicated.

LEGAL PROTECTION

Pennsylvania law protects my healthcare agent and healthcare providers from any legal liability for their good faith actions in following my wishes as expressed in this form or in complying with my healthcare agent’s direction. On behalf of myself, my executors and heirs, I further hold my healthcare agent and my healthcare providers harmless and indemnify them against any claim for their good faith actions in recognizing my healthcare agent's authority or in following my treatment instructions.

Wills

Terminology

- **Administrator or Administratrix:** the person appointed by the Register of Wills to handle the estate of someone who died without a will, or if the executor named in the will has died, has been removed from the case, or does not wish to serve.
- **Beneficiary:** a person named in the Will, Trust, life insurance policy, retirement plan, etc. to receive all or a portion of another's property.
- **Bequest:** a gift of money or personal property made in a Will.
- **Decedent:** the person who has died
- **Devise:** a gift of real property made in a Will
- **Codicil:** is an amendment to a Will.
- **Executor or Executrix:** the person named in a Will who is responsible for settling the estate and carrying out the provisions of the Will.
- **Gross Estate:** everything which the Decedent owned or had an interest in at the time of his or her death, including life insurance, joint property, and certain transfers made during the Decedent's lifetime.
- **Guardian:** the one named to manage the personal affairs or property, or both of a minor child or incapacitated person.
- **Intestacy:** the distribution of property according to the state law when a person dies without a Will. *It does not mean that the Decedent's property automatically goes to the State if a person dies without a Will.*
- **Probate Property:** property owned by a person in his or her own name.
- **Non-Probate Property:** property passing to another by operation of law (e.g. joint property held with a right of survivorship) or by a beneficiary designation (e.g. life insurance and retirement plans).

- **Testator or Testatrix:** the person who has made a Will.
- **Trust:** a method of holding property where one person (a trustee) owns and manages property for the benefit of others (the beneficiaries). The rights of the beneficiaries are established by the terms of the trust. A trust can be established in a Will or during the lifetime of the person creating the trust.

The Fundamentals

- A will is the basic instrument in order for a person to transfer his or her property after death.
- Any person who is at least 18 years old and has a clear idea of his or her assets may make a Will.
- A Will must be signed by the person making the Will at the end of the document. Any writing appearing after the signature of the person making the Will is not valid.
- A Will can be handwritten in Pennsylvania so long as the entire Will is written and signed by the person making the Will.
- The person signing a Will must sign in the presence of two witnesses. A Will is “self-proving” if the testator signs and acknowledgment and the witnesses sign affidavits, in front of a notary, that in substance and form comply with [20 Pa.C.S.A. § 3132.1](#).
- The Will accomplishes a variety of functions to facilitate the transfer of property from the decedent to the designated beneficiaries. It allows an individual to control who gets what and how much, when and how and on what terms and conditions and for how long, and takes care of other details such as administration, fees and other matters like the appointment of a guardian for minor children.
- Although the decedent’s wishes as expressed in a Will generally must be honored, a surviving spouse cannot be “cut out” of the Will in the absence of an agreement to the contrary, such as a premarital agreement. A surviving spouse is entitled to elect against the Will and receive a share of the decedent’s assets. The share is determined by law. If a spouse elects to take against the Will, he or she must give up other assets, so the election must be made with care. A spouse may choose to sign and notarize a Spousal Waiver advising that they will not seek to elect against their spouse’s will. Ask a VIP staff member for more information and a template waiver.
- If a person dies without a Will, or without an effective Will, this is known as intestacy. The person’s property then will pass under the state laws. *See* 20 P.S. § 2101, et seq. State laws of intestacy generally provide that the decedent’s property pass to the decedent’s spouse and children. If there is no

spouse and/or children, the property is distributed to more distant relatives, including parents and siblings. If the relatives as specified by law cannot be found, the property passes to the state.

- Joint or co-executors must act together at each step of probating the estate. Therefore, it is often better to choose one executor and name an alternate executor. Clients are welcome to name multiple alternates.
- Similarly, leaving a home to multiple beneficiaries can be complicated and result in a tangled title. It can be helpful to counsel your client on different ways of holding title
- VIP has template language available for additional will paragraphs depending on client's wishes. Ask a VIP staff member for more information.
- Dispositions of Tangible Personal Property by Memorandum ("Personal Property Memorandum") should only be for non-valuable items. The benefit is that the client can change the Personal Property Memorandum as often as desired; however, there is no law expressly permitting them as Pennsylvania case law is a gray on the issue, at best. Clients are encouraged to dispose of their valuable and meaningful personal property within the will, itself, either by direct devise or through the residual clause. VIP clients are always welcome to contact VIP for potential assistance updating their will if they need to make changes. A template Personal Property Memorandum is available upon volunteer request.
- The Self-Proving Affidavit must be signed, dated, and notarized. Separate testator acknowledgement and witness affidavit templates are available upon volunteer request.

OF
CLIENT NAME**

I, CLIENT NAME, residing at 123 Main Street, Philadelphia, PA 12345 being of full age, sound mind and under no restraint declare this to be my Last Will and Testament and hereby revoke all prior wills and codicils.

FIRST: I direct that the expense of my last illness and funeral be paid out of my estate as soon as may be convenient after my death.

SECOND: I appoint my daughter, Jane Doe of 456 Broad Street, Philadelphia, PA 12345, as Executor of this my Will. If either of my children should predecease me, I direct that their share goes to the survivor of the two of them.

in the alternative: If either of my children should predecease me, I direct that their share goes to the predeceased child's heirs and assigns forever.

FIFTH: I give, devise and bequeath the following specific bequests:

1. I give, devise and bequeath to my husband, Bob Doe of 123 Main Street, my car, a 2012 Mazda.

My Trustee may accept as final and conclusive the written statement of the beneficiary or her guardian as to other available income or resources. My Trustee's decision to make any payment, whether from income or principal, shall be conclusive as to all persons.
 - (c) Any undistributed income shall be added to and made a part of the principal of said Trust.

- (3) The Trust may be terminated prior to the stated termination date if my Trustee, in her absolute discretion, determines that there are insufficient assets remaining in the trust to warrant continued administration.

SEVENTH: I have intentionally made no provision in this Will for my son, James Doe, and this is not occasioned by any oversight or mistake, but because I do not wish him to receive any share of my estate.

in the alternative:

No provision is made in this Will, not out of any lack of love or affection for James Doe, but because I do not wish him to receive any share of my estate and believe he is already well provided for.

EIGHTH: With respect to my Digital Assets, I authorize my Executor to:

- (1) access and obtain copies of any of my electronically stored information from any person or entity that possesses, custodies, or controls that information,

- (2) decrypt any encrypted electronically stored information or to bypass, reset, or recover any passwords or other kind of authentication or authorization necessary to gain access to my Digital Assets;
- (3) waive any confidentiality that I may have had under any Terms of Service Agreement or Privacy Policy that I had previously agreed to in regards to any Digital Assets to the extent allowable under such Terms of Service or Privacy Policy; and
- (4) have all powers as an authorized user, to distribute and dispose of my Digital Assets, and to exercise all other powers that an absolute owner of any such Digital Asset would have, and any other powers appropriate to achieve the proper investment, management and distribution of my Digital Assets.

In furtherance of the powers provided to my Executor with respect to my Digital Assets, I hereby authorize, to the extent permitted by federal and state law, including the Electronic Communications Privacy Act of 1986 (which includes the Stored Communications Act), as amended, the Computer Fraud and Abuse Act of 1986, as amended, any person or entity that possesses, custodies, or controls any electronically stored information of mine or that provides to me an electronic communication service or remote computing service, whether public or private, to divulge to my executor: (a) any of my electronically stored information; (b) the contents of any communication that is in electronic storage by that service or that is carried or maintained on that service; and (c) any record or other information pertaining to me with respect to that service. This authorization shall be construed to be my lawful consent under the Stored Communications Act, as amended, and any other applicable federal or state data privacy law or criminal law. The terms and powers provided in this paragraph shall be broadly construed.

“Digital Assets” means files stored on my digital devices, including but not limited to, desktops, laptops, tablets, peripherals, storage devices, mobile telephones, smartphones, and any similar digital device which currently exists or may exist as technology develops or such comparable items as technology develops, whether or not included in my probate estate. The term “Digital Assets” shall also include but is not limited to all emails, email accounts, digital music, digital photographs, digital videos, software licenses, social network accounts, file sharing accounts, financial accounts, usernames and passwords, domain registrations, DNS service accounts, web hosting accounts, tax preparation service accounts, online stores, affiliate programs, other online accounts and similar digital items which may currently exist or may exist as technology develops or such comparable items as technology develops, regardless of the ownership of the physical device upon which the digital item is stored, whether or not included in my probate estate.

NINTH: I give, devise and bequeath the rest and residue of all my property, whether real, personal, or mixed to my daughter, Jane Doe of 456 Broad Street, Philadelphia, PA 12345, my son, John Doe of 789 Broad Street, Philadelphia, PA 12345, and my granddaughter Jill Doe of 789 Broad Street, Philadelphia, PA 12345, with equal shares to all. If any of my named

beneficiaries predeceases me, I direct that their share goes to the surviving named beneficiaries in equal shares.

TENTH: I direct that all estate, succession, or other death and transfer taxes be paid out of the principal of my estate, just as if such taxes were debts. No one having any beneficial interest in any property under this my Will shall be required to refund or pay any part of such taxes.

IN WITNESS WHEREOF I have set my hand and seal to this, my Will, this _____ day of _____, 20_____.

Dear [CLIENT]:

Your estate planning case was referred to us for representation through Philadelphia VIP. We have helped you to prepare your estate planning documents, and you now have signed your documents before a notary and have the originals.

Here are some important reminders about your documents:

Will:

- *If you decide you want to change your Will in the future, you should not cross out or make marks on your Will. Instead, you should have a new Will made.*
- *You should keep your Will in a safe place. However, be careful not to keep it in a safe deposit box (because it would be very hard for your heirs to access your safe deposit box without having the Will on hand once you have passed away).*
- *You should tell a trusted family member or friend – usually, the Executor named in the Will – where you are keeping your Will. If no one can find your original, signed Will once you pass away, then it is as if your Will does not exist.*

Financial Power of Attorney:

- *Remember: Your Power of Attorney is not effective until the Agent you named signs it.*
- *If you want the Power of Attorney to be in effect now, you should give the original to the Agent at this time and have her/him sign it. You should keep a copy of the Power of Attorney signed by the Agent.*
- *If you do not want the Power of Attorney to be in effect now, you should keep it in a safe place. When you decide that you want it to be in effect, you should give the original to your Agent and have her/him sign it. You should also keep a copy of the Power of Attorney signed by the Agent.*
- *Caution: If the Agent you named does not know the Power of Attorney exists, s/he would not know to look for it if something were to happen to you. As a result, it is best to let the Agent know that the document exists and where s/he can find the original if something were to happen to you.*

Healthcare Power of Attorney and/or Living Will:

- *Original to Agent:* The original should be given to your Agent.
- *Copies for yourself and for healthcare providers:* You should keep a copy for your own records. Copies should also be given to any healthcare providers who may need to honor it. Healthcare providers may request to see the original document, but they will keep only a copy; if the request to see the original is made, you should be sure to return the original to the Agent right away.

Your case is now closed in our office. Thank you for allowing us to help you with these important Estate Planning documents. Should you need help with updating these documents in the future, or if you have any questions, please call Philadelphia VIP at (215) 523-9550.
